Sub : Student Membership & MoU with ACTI.

Dear Sir,

Subsequent to the talk the undersigned had with your Mr. Pavan Panwala for the ACTI Membership Application Forms (Normal & Student). We had already sent to him. This is an Introductory letter regarding Student Membership being introduced W.E.F. 1st April, 2022 for the first time in our Association, which reads as under :

Effective from 1st April, 2022, ACTI, Association of Chemical Technologists (India), Ahmedabad has decided to register the students of Chemistry & Chemistry Technology stream of students who will be completing the Degree course or Diploma course after three years, means those who have completed first year and they are bonafide student of that respective college with the nominal fee of **Rs.200/-** every year to be paid to ACTI and after completion their course they will be registered with ACTI record either Life Members or Patron Member by paying the difference amount of that respective membership and what they have paid of completion of course.

Students Member will be given "ID Card of Student Membership with registered No. to each." Student Member will have to fill up the Student Membership form with endorsement of the college authority. After completion of their course they will be given Permanent ID Card of ACTI.

ACTI will organize various promotional activities to upgrade their soft skills which will cover up their respective field Programmes, Seminars, Competition, Visits attend conference or Exhibitions to improve their knowledge, Skills and Expose them to various promotional opportunities for batter prospects in their expected fields. During this period their performance and level of skill acquired will be awarded as "STAR STUDENT – ACTI..... (Name of College) and they would be awarded, certificate, incentives or any other prospective opportunities based on their talent of creativity.

This is a very new initiative taken up by the members recently and will be administered by the Committee Members and respective college authorized staff or office. For this we expect to have MoU signed between ACTI and College/Institution.

It would be very easy to function in that set up. Kindly advise so as to have initial meeting to understand each other.

The draft of MoU emailed to Mr. Panwala for your action. RCTI, St. Xavier's College have MoU with our Association.

Thanking You,

Yours faithfully,

(Manoj Mehta)
Hon. Secretary
